

ESD Work Station

Clean room ESD Work station made

of MS Welded Pipe & Modular Aluminum Table

.We have made as per your need

Rate

ESD Chair

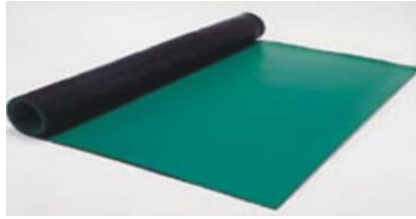

ESD PVC Mat

ESD PVC Two Layer Mat for Static Safe area (Table & Floor)

Top Layer Static Dissipative(less than 10^9 Ohms) Color – Blue Green Grey

Bottom Layer Conductive(less than 10^5 Ohms) Thickness-1.5mm Width-2mtrs

ESD Wrist Strap & Cordless Wrist Strap

Comfortable and light Weight with adjustable

wrist strap. 2.5mtrs long twin parallel

PU Wire with 1M Ohms Resistance

ESD Wrist strap On Line Monitor

Ground Lead Connecting Lead Grounding Double Jack Socket

Antistatic Slipper

Antistatic Shoe

ESD Leather Shoe

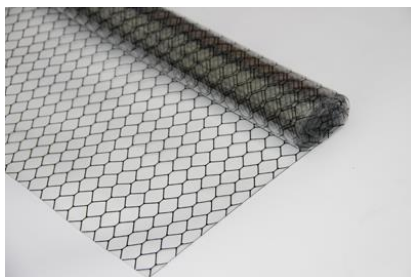

ESD Apron & ESD Cap

ESD Gloves

ESD Curtain

Lint free Wiper

Antistatic Safe Packing Material

Antistatic PP Pink Or any color Bag (Surface Resistance $10^9 \sim 10^{11}$ Ohms)

Antistatic Air Bubble Bag (Surface Resistance $10^9 \sim 10^{11}$ Ohms)

Antistatic Static Shielding Bag (Surface Resistance $10^9 \sim 10^{10}$ Ohms)

ESD Testing Equipment

Surface Resistance Meter

LCD display ,Measurable surface resistivity and grounding resistance
Small size, light weight and less power consumption

Wrist Strap & Footwear Tester Combo Tester With Door Access

Accurate and quick testing of compliance of the grounding system , Applicable for testing the contact impedance of wrist strap and grounding wire, static wrist strap wire on skin surface, as well as anti-static connecting plate, anti-static pad, ESD Slipper grounding wire and etc.

Static Charge Meter

The Static Charge Meter is a non-contact, light weight digital instrument designed to measure static voltages on objects & surfaces. It features a large LCD display to indicate the magnitude and polarity of the electrostatic charge directly in Kilovolts

Conductive Brush

Soldering Station

936 ESD 942ESD 937ESD

All size of bit 900MTB 1.2D 1.6D 2.4D 3.6D MTK MTI 2C 3C 4C

Cleaning Sponge & Accessories

SMD Rework Station

850 852 853

Soldering Smoke Absorber

493ESD

Soldering Tips Thermometer

191A Digital display CA SENSOR FOR ACCURATE and quick measurement of soldering tips temperature

Smart tweezers

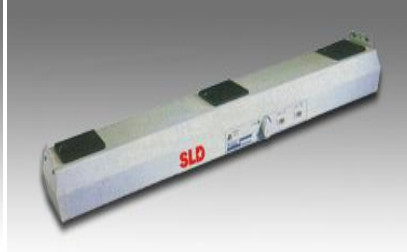

Ionizing Air Blower

5600 Advanced high frequency discharging Technology ,Quick neutralization of static charge

With compact size & light weight

5900L Three speed control fan for rapidly neutralization of static Charge.

GS 4000 Ionizing Air Gun

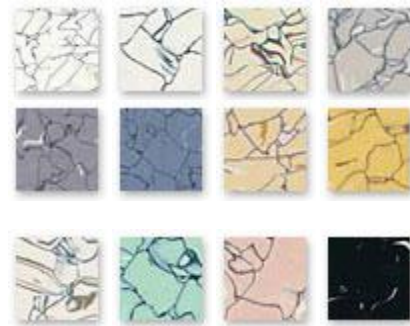

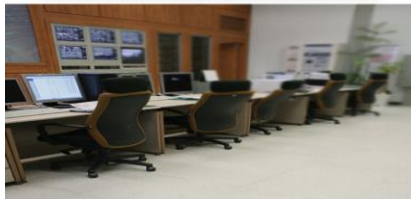

ESD Storage

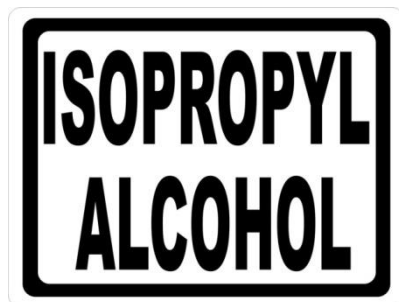

Magnifier

ESD TILES

Grid Tape

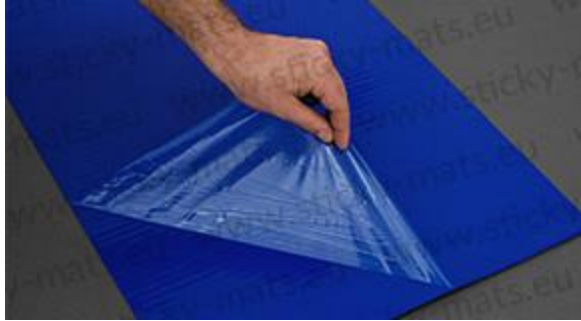

IPA 100%

Kapton Tape

Floor Marking Tape

Screw Bit Any Size

Conductive PP Corrugated Box For PCB Handling For Rate please mention size with separator

Vessel Pneumatic Made In JAPAN

VESSEL
Let us think.

Thoroughly Functional and Maintenance-Free

ELECTRIC SCREWDRIVER

VE series

10 Reasons
Why the
VE series
is Chosen.

**Ergonomically-designed
Elastomer Grip**

Enables to hold securely.

**Wide Output
Torque Range!**

Extend the warranty period from 1 year to
3 years by User Registration.

* The 3-year warranty covers the electric screwdriver only.

Hard to disconnect!

Reinforced fibers protect the wires.

※Power cable is also in warranty.

**Power cable and
body are integrated.**

No concern about disconnection.

Forward/Reverse Switch is
**Magnetic and
Long-Life!**

No loose connection.

**Slotless Brushless
Motor**

Maintenance-free!

Anti-fatigue Gel Pad

No need to grab.

Little force is enough to hold.

**Hard-to-loose Click
type Sleeve**

Can adjust tightening torque
without using a tool.

**Tamper-proof Sleeve
is enclosed as
standard accessory.**

**Reduction in
Running Costs!**

Can use double end bits.

※except the VE-1500, 2000, and 3000 series
